The Board of Water Commissioners conducted a workshop to finalize the language in the proposed Irrigation Regulation. Chairman Hoppensteadt, Commissioner Robinson, Commissioner Horsley, Superintendent Wiseman and Office Manager, Jen Nash were all present. Chairman Hoppensteadt opened the workshop at 5:45pm. Three members of the public were also present, although had no public comment to share at this time.

A draft document was circulated, and the commissioners discussed the revised language regarding new connections for irrigation purposes, updated the bylaw citation to the language that was adopted at the Annual District Meeting. The proposed regulation was accepted unanimously by the commissioners and will be posted on the district website for review over the two-week period leading up to the August BOWC meeting.

Commissioner Robinson left the meeting. Commissioner Horsley noted that he had a conflict with the proposed date of the August meeting. Chairman Hoppensteadt and Mrs. Nash will check on the availability of Freedom Hall and Commissioner Robinson if the meeting were to be moved to August 25th.

The meeting adjourned at 6:17pm pm.

Respectfully submitted,

Tom Hoppensteadt, Chairman
